

**FOR IMMEDIATE RELEASE:**

## **Sun Valley Limousines, LLC selects Information & Communication Systems for Internet Strategy**

**SCOTTSDALE, AZ- April 15, 2003**—Information & Communication Systems (ICS) announced they have been selected by Sun Valley Limousines, LLC to create and carry out their Internet strategy. ICS is an Arizona based company that provides computer and networking solutions to the business community. ICS designs, develops, implements and maintains information systems, networks, web sites, e-commerce systems, databases and custom software.

"Sun Valley Limousines LLC is a dynamic company which is constantly changing to meet the needs and requirements of our customers, so our Web initiatives need to reflect this vitality and spirit" states Kristin Neibergs Director of Marketing for Sun Valley Limousines. She continued, "We provide the finest service and expect the same from our vendors. ICS is competent, professional, and most of all, has the track record to help us achieve our Internet goals and professional presence."

ICS will design and implement Sun Valley Limousine's Internet strategy by creating structured programs such as online reservations, email notifications, customer information dissemination, and package pricing information.

### **About Information & Communication Systems**

Information & Communication Systems offers the high tech tools, training and support which organizations use to gain or maintain a competitive advantage in today's rapidly changing business environment. Information & Communication Systems headquartered in Scottsdale, AZ delivers more than computer programming; they provide critical thinking business specialists that focus on assisting organizations to achieve their business goals through the efficient use of modern technology.
